

Introduction

Welcome to the Burlington County College Career & Technical Education (CTE) Program! My name is Craig Dewar and I am the Student Success Advisor. My main goal is to ensure academic success for each of my students and to help guide you on the correct path to achieving your goals for the future. I am here to provide assistance and connect CTE students with the appropriate resources to ensure successful completion of your programs. Contact me via phone (609) 894-9311 ext. 1520 or email cdewar@bcc.edu.

What is Career Technical Education?

Career and Technical education programs are defined by the Perkins Act as programs that offer a sequence of courses that will provide students with both the academic and technical knowledge and skills to enter the workforce in a variety of specific current or emerging professions. At BCC, such programs will lead to either a certificate or a degree. For a complete list of Career and Technical Education programs available at BCC, please see the next page.

Facts at a Glance: Department of Labor

- Employees with **post-secondary degrees** earn more money and are *less likely* to be laid off.
- Employers responding to a recent NACE survey indicated that they expect to **hire 14%** more graduating college students in 2011 than they did in 2010.
- The 2008-2009 Occupational Outlook Handbook from the Bureau of Labor Statistics projected that the fastest growing occupations would be in career and technical education fields such as healthcare and trade and industrial occupations. More information regarding this information can be found here: <http://www.bls.gov/news.release/ecopro.htm>.
- Professional and business services in the industry of management, scientific, and technical consulting services is **projected to have the most growth** by 2018.
